

## **MASSAGE OILS & SKIN CREAMS**

**(RETAIL) 28/11/17**

This list shows some standard formulations, but cannot include the whole range of possible combinations - so please ask if you want a different recipe, or something for a condition not listed. Formulations are generally adult strength (between 2% to 3%) - ask for lower dilutions for children, pregnancy, etc. Massage oils are usually in a base of grapeseed oil; an asterisk (\*) indicates where sweet almond replaces grapeseed. MAIL ORDER; see essential oils price list for terms and carriage charges.
